*Parenting the Love and Logic Way® is a proven parenting system that provides practical solutions to everyday problems like arguing, back-talk, whining, and not listening, and promotes a child's sense of confidence, self-reliance, and problem-solving abilities. It empowers parents to become calm, patient, compassionate, consistent, loving authority figures without compromising their rules and expectations. Love and Logic techniques work with children of all ages.*

Mika Gross, M.S., Independent Facilitator

Cost \$45.00 per participant, Workbook \$10 (optional)
